Skills

Technical Skills

html, css, java script, React, SQL,  
programming in java, hibernate,  
SpringBoot, JDBC

Generics Skills

Served as Class Representative,  
demonstrating leadership,  
communication, and coordination  
skills

Recognized for strong presentation  
and interpersonal abilities

Education

Higher secondary Education

st.vincent palloti matriculation  
school  
salem  
2020 - 2022  
Graduated in xII on maths-  
computer science with 87%

B.E computer Science

Government college of  
Engineering ,bargur  
bargur,Krishnagiri  
2022 - 2026  
BE computer science and  
engineering graduate with 8.2  
CGPA

Ahamed shafeel M

FULL STACK DEVELOPER

Professional Summary

Full Stack Developer Fresher with hands-on experience developing responsive web applications using HTML, CSS, JavaScript, React, Spring Boot, Hibernate, JDBC, and SQL. Skilled in building reusable UI components, developing REST APIs, performing CRUD operations, integrating frontend with backend services, and designing database-driven applications.

Work Experience

front end developer intern  
devElet

Jun 2025 - Jul 2025  
hyderabad(online)

- Built responsive frontend interfaces with React.js, JavaScript, HTML, and CSS

React js Dveloper intern  
The Skybrisk

Dec 2025 - Feb 2026  
online

- Developed dynamic React.js frontend features by integrating APIs, debugging issues, and optimizing performance for smooth user interaction

Full stack developer intern  
Besant technologies

Feb 2026 - Present  
chennai

- Developed full-stack web application features across frontend and backend, integrating databases/APIs to deliver complete end-to-end functionality.

Projects

- Final Year Project (7th Semester)

06/2025 – 11/2025

Automated Code Evaluation System — React, Spring Boot, Hibernate, SQL

Developed a full-stack automated code evaluation platform with responsive code submission, real-time result visualization, and performance tracking features. Built interactive React UI components integrated with Spring Boot REST APIs, while managing backend logic, database operations, and secure data handling using Hibernate and SQL.

- Final Year Project (8th Semester)

01/206 - 04/2026

AI-Powered Study Planner Application — React, Spring Boot, Hibernate, SQL

Developing a full-stack study planner application with responsive dashboards, task management, reminders, and progress tracking using React. Building REST APIs, implementing user authentication, and managing secure database operations with Spring Boot, Hibernate, and SQL for efficient data handling.

Certificates

- Front end developer intern
- React js intern
- Java
- Excel DashboardProgramming in C
